

Contacto CRM Online

CONTACTO CRM ONLINE INFORMATION

“Keep your clients in Contact”

DESCRIPTION

Contacto CRM Online is a web based CRM service that allows you to organize all client information, keep a history of all contact with your client's. Give your sales force group the ability to work as a team from different locations. Control remotely the quality of service they are providing.

CHARACTERISTICS

Contacto CRM Online works in any computer with a web explorer (Linux, Macintosh, Windows). Access your information simply by accessing a determined private web page. Ex: ***yourcompany.contactocrmonline.com***
You do not need to setup a web server, we provide the web server service for you, so you can focus on your company.

TECHNICAL SUPPORT

Technical support is free of charge via MSN Messenger at contactocrm@hotmail.com, Skype or through emails at: soporte@contactocrm.com.

TECHNICAL DATA

- Contacto CRM was developed using PHP and MySQL.
- You can request at any time a copy of your database free of charge and will be emailed in a .sql file.
